About IndEco

IndEco designs and supplies eco-friendly disposable tableware for professional food service.

We work with restaurants, caterers, hotels, and distributors who require dependable products for everyday service. Our tableware is built for consistent performance in real usage conditions.

With a focus on quality, food safety, and reliable supply, IndEco supports both domestic and export markets.

Disposable, done right.

CONSISTENT SUPPLY

Reliable delivery and stable supply for your business.

FOOD SAFE MATERIALS

Made from natural materials, safe for you and your customers.

BULK & EXPORT READY

Suitable for bulk orders and global shipments.

RELIABLE QUALITY

Every product is made to deliver strength, hygiene and satisfaction.

BAGASSE TABLEWARE

Sustainable solutions for modern food service

Bagasse tableware is made from natural sugarcane fibre, offering a strong and reliable alternative for food service.

Designed for both hot and cold applications, these products are widely used in restaurants, takeaways, and catering operations.

SUITABLE FOR HOT & COLD FOOD

Safe and reliable for a wide range of dishes.

STRONG & DURABLE

Built to handle heavy portions without bending or leaking.

COMPOSTABLE MATERIAL

Made from natural sugarcane fibre, better for the planet.

IDEAL FOR TAKEAWAY & BULK USE

Perfect choice for businesses that value quality and consistency.

FOOD SAFE

Meets international food safety standards.

COMPOSTABLE

Naturally breaks down, leaving no harmful residue.

BULK READY

Consistent quality and packing for bulk orders.
